For Youth ages: 7-13

The YES Program

Starting: 7/11/2023-7/27/2023

Location: Latonia Terrace Rec Hall

For ages: 13-15

How to Have a Safe 4th of July: 5 Important Tips

- Never disassemble or try to make your own fireworks.
- Don't point sparklers, or fireworks at yourself or others, especially when lighting them.
- Only light fireworks on the ground and in areas that are dry and fire-resistant.
 - Don't attempt to ignite fireworks at the same time.
- Never allow young children to handle fireworks or sparklers to prevent firework-related injuries.
 - Always keep a portable fire extinguisher close by. Also, keep a water hose or buckets of water nearby to put out fires.
 - If fireworks malfunction, don't relight them! Douse and soak malfunctioning fireworks with water then throw them away.
- Resist the urge to bring your dog to a fireworks display. The safest place for them is at home where it's familiar, quiet and not crowded.

Never allow young children to handle fireworks or sparklers to prevent firework-related injuries. Sparklers are hot enough to cause severe burns if mishandled.

- Instead of sparklers for your children, consider these alternatives:

o Glow sticks

o A confetti canon or poppers

o Colorful streamers

o Silly string

o A light-up laser show or digital fireworks projection

- Always keep a portable fire extinguisher nearby close by. Also, keep a water hose or buckets of water nearby to put out fires.
 - If fireworks malfunction, don't relight them!
- Douse and soak malfunctioning fireworks with water, then throw them away.
