LEASE REMINDER

Residents will give HAC prompt notice of any defects in the plumbing, fixtures, appliances, heating equipment or any other part of the unit or related facilities through issuance of a work order request. By making such a request, the resident permits HAC to access the unit to make the necessary repairs. Please note that HAC's maintenance staff does not schedule routine repairs but will endeavor to complete the necessary repairs in a timely manner.

Work orders can easily be submitted using HAC's online portal. You may also call 859-655-7300 or e-mail Workorder@hacov.org with a picture and brief description of the problem.
